AUDITORS' REPORT

The undersigned as auditors would report that we have examined the accounts of the Selectmen, Treasurer and Collector and find them as follows:

That they have been well kept and correctly cast.

Collector Bishop's book shows that there is \$3.00 yet to collect.

Collector Floyd's book shows that there is \$359.49 yet to be collected.

By the Treasurer's cash account we find that he paid only as ordered by the Selectmen, also he acknowledged the same sum on hand as remained last year. The note book shows the account with the bank at Amesbury and is payable to them on settlement. The Selectmen issued orders for claims, approved by them against the town, and took proper vouchers for them.

FREDERICK B. FRENCH,

Auditors.

SCHOOL REPORT

To the School District:—

Your School Board herewith respectfully submit their report for the year ending February 14, 1914.

The Centre school was taught during the spring term by Miss Hazel L. Witherell, a graduate of Sanborn Seminary. The fall term began with Miss Eunice I. Evans, a graduate of Amesbury High School, as teacher. On account of the small attendance the school was closed at the end of the first week. Since that time the pupils have been transported to the Upper Village school.

The spring term at the Peak school was taught by Miss Elizabeth M. Sawyer, a graduate of Robinson Female Seminary and a very successful teacher. The fall term opened the day after the Centre School was closed and with Miss Eunice I. Evans as teacher. Miss Evans is now teaching the winter term.

Miss L. C. Rice, a graduate of the Woburn, Mass. High School, taught the Upper Village school during the spring term. The fall term was taught by Miss Beatrice M. Evans, a graduate of the Amesbury High school. The winter term is now being taught by Miss Marion C. Walker, a graduate of the Whittier school, Merrimac.

The School Board fully appreciates the faithful, earnest work done by all the teachers during the year, and especially do we commend our present instructors for the good work they are doing.

The school work has been chiefly in the fundamentals; but to reading, 'riting and 'rithmetic and other accepted subjects of the old curriculum might be added, one more at least, namely: Civics.

The elements of our civil government together with the essentials of good citizenship ought to be learned by every boy and girl in the grammar grades. Another year should see more work done along this line.

Drawing with colored crayon and with water colors has brightened the labors of the children, and this work has been most interesting and instructive. Some attention has been given to music.

Report cards have been introduced. Each pupil has a card on which is recorded each month by the teacher the pupil's standing in scholarship, industry and deportment. The cards are taken home for the inspection of parents, who sign and return them to the teacher.

The financial statement for the past year follows with estimates for the coming year:
